## Troopers in Charge After Mob Terrorizes Two Women in Maryland.

By The Associated Press  
BALTIMORE, Md., Feb. 14.—State police poured into the city today after rioting broke out in the hands of a mob of 1,000 men, who rushed into the city and looted the homes of two women who were held in connection with the slaying of an elderly man.

# President Remains Silent on Future As Vacation Starts

By The Associated Press  
WASHINGTON, Feb. 14.—President Roosevelt, still silent on his political future, heads for a southern vacation cruise today after one of his strongest third term supporters, Ambassador Joseph P. Kennedy, renounced any ambition to be the Democratic standard bearer.

The Chief Executive plans to be away about ten days, this will bring him up to the Feb. 25 deadline when his name—unless he withdraws it—will go officially into the Illinois presidential primary.

Third term supporters believe that he will let his name remain before the Illinois voters, especially since most politicians argue this can be done without his personal consent. Vice President Garner has approved entry of his own name in Illinois.

Asked at a press conference late yesterday whether he would take any steps to withdraw from the Illinois and Wisconsin contests before going south, Mr. Roosevelt said that he knew nothing about the circumstances in the two states.

The Illinois primary comes on April 9, a week after the Wisconsin contest in which Roosevelt and Garner delegate states also have been entered. Campaign managers for Paul V. McNutt were said to be considering putting him in the Wisconsin contest.

Kennedy, ambassador to Great Britain who called at the White House yesterday, announced last night that the importance of his present post compelled him to decline to be a candidate. A month ago he had joined Joseph E. Davies then ambassador to Belgium and now on state department duty here, in advocating another term for Mr. Roosevelt.

Secretary Wallace another third term advocate told reporters yesterday that there was "strong sentiment for a Roosevelt delegation from Iowa, Wallace's home state."

Specifically Kennedy refused to enter the Massachusetts primary on April 30. Postmaster General Farley is the only Democratic entry thus far in the state and leaders who had filed the petition with Farley's consent said that the delegation would be for the President if the latter ran.

# MASS PROTEST STAGED AGAINST SPENDING

Protesting the \$396,700,000 state budget, New York state taxpayers marched on a public hearing in Albany to urge drastic cuts in the proposed budget and to demand a breathing spell from taxation.

# God Still Present in World, Guest Minister Asserts

Despite last night's stormy weather approximately 1,000 persons attended the union evangelistic service at Epworth Methodist church to hear the guest minister Dr. J. Warren Hastings of Seattle, Wash., speak on "Is God in the World?"

Sunday school superintendents, teachers and officers went to the altar at the close of the service to reconsecrate their lives to Christ. They were led by a group of Protestant pastors of the city.

This union meeting is the most magnificent piece of religious work I have ever been associated with in 15 years of preaching," Dr. Hastings said today and commented on the spirit of harmony among Marion pastors.

# NAVY PROGRAM WINS APPROVAL

House Committee Votes Funds  
To Add More Ships  
to Fleet.

By The Associated Press  
WASHINGTON, Feb. 14.—The house naval committee gave final unanimous approval to a two-year, \$655,000,000 fleet expansion program today less than 24 hours after another house committee slashed \$11,699,699 from President Roosevelt's budget for the navy.

The expansion program specifically approved by the President would permit the navy to construct 22 additional combat ships and 22 auxiliary vessels in the next two years.

Despite presidential opposition to battleship cuts already made in the 1936-72 navy appropriation bill, there was talk that the house might trim the huge defense measure even further.

Farm States Opposed

Members from farm states, resenting drastic economies made in the agriculture appropriation bill two weeks ago, were reported ready to vote for additional slashes in the navy bill. Farm bloc leaders insisted, however, that there was no concerted movement in that direction by their group.

The \$11,699,699 lopped from the navy bill by the house appropriations committee yesterday, including \$23,103,000 for four new 45,000-ton battleships and four cruisers, brought a statement from President Roosevelt that he hoped funds to build two of the battleships would be restored. Initial funds for the other two were provided last year.

In holding all but \$2,450,000 of the bill.

# BUGYRUS ARCHITECT STRICKEN SUDDENLY

Wm. Unger Dies After Shoveling Snow at Home.

Special to The Star  
BUGYRUS, Feb. 14.—William Unger, 53-year-old Bugyrus architect who designed all Crawford county's consolidated schools and numerous other public buildings, including the new Gallon city hall, died at 8:55 a. m. today of a heart attack which came after he had been shoveling snow.

He had gone outside to clear off his walks and after shoveling a while, returned to the house and in a few moments was "stricken."

Mr. Unger was a widely known architect. Among buildings he designed was the Major Kearsley elementary school in Bugyrus. He assisted with the Bugyrus High school also. The Gallon city hall, which was dedicated only recently, was his latest large job.

He was born in Bugyrus to Andrew and Louise Peters Unger. The father survives here with a daughter Barbara Ann, a sister Mr. Frank Schilling and the widow Mrs. Edith Kanter Unger.

Funeral services will be Friday at 2 p. m. at the Wise funeral home with Rev. H. H. Glick in charge. Burial will be in Oakwood cemetery. Mr. Unger was a member of Good Hope Lutheran church. His home was at 308 South Spring street.

# DENTISTS OF AREA PLAN ANNIVERSARY

Arrange March 11 Meeting  
Here To Mark Centennial.

Plans for a meeting on March 11 as part of the nationwide observance of the centennial anniversary of dentistry in the United States were made today as 40 dentists of counties in the Central Ohio Dental society met at Hotel Harding.

The March 11 meeting, taking the place of the regular April meeting will also be featured by the annual election of officers. There will be a special centennial program with distinguished speakers. The meeting will open in the afternoon and conclude after an evening session and banquet.

Other business of professional interest was transacted at the morning session today. Following a luncheon shortly after noon, a program of clinics was to be presented.

It included a clinic by Dr. A. L. Tipton of Ada, Dr. K. M. Davis and Dr. H. D. Spangenberg of Ohio State university's college of dentistry. Tribute was paid to the late Dr. John Bristow of Mansfield, secretary of the society for many years.

Dr. A. O. Linscott of Marion, president, presided. Dentists attended from Marion, Delaware, Richland, Ashland, Crawford, Wyandot and Hardin counties.

The centennial observance is centered about the University of Maryland and Baltimore where the first school of dentistry was established. The celebration there will be March 18-20 and the nationwide celebration on March 11 with national, state and district societies joining.

Special to The Star  
GALLON, Feb. 14.—Funeral of George R. Chyba, Gallon road machinery salesman who was drowned Monday night when his car plunged into the Scioto river west of Delaware, will be conducted Thursday at 3:30 p. m. at the home in Gallon Rev. William Martin of the Presbyterian church will be in charge. Burial will be made in Fairview cemetery. Friends may call at the home.

# BRITONS GIVEN RIGHT TO FIGHT FOR FINNS

By The Associated Press  
LONDON, Feb. 14.—Britain today gave her citizens formal permission to volunteer to fight for Finland against Soviet Russia.

Ivan Maisky, Russia's ambassador, sat in the diplomatic gallery as Osbert Peake, undersecretary for home affairs, announced the decision in reply to questions in the house of commons.

The government's action regularizes the enlistment of British volunteers for the Finnish forces which has been under way on a considerable scale for some time.

## House Takes Up U.S. Loan To Finland As Helsinki Admits Some Red Success

### Senate Votes Approval of Bill to Increase Credit to Nation.

By The Associated Press  
WASHINGTON, Feb. 14.—The theater of foreign policy discussion moved to the house today in the wake of senate approval, 49 to 27, of a \$100,000,000 increase in export-import bank funds for loans to Finland, China, and South America.

House approval appeared likely once the bill reaches the floor. In approving the increase in the export-import bank's capital the senate restricted future loans to any one country to \$20,000,000 and specified that they should not be made for the purchase of military supplies.

Despite opposition arguments to that popular sentiment for a loan to Finland was being used to obtain an increase in the banks funds that otherwise might not be authorized, the senate defeated an amendment by Senator Taft (R-Ohio) to limit this increase to \$50,000,000.

Procope Looks On

With Ulfar Procope the Finnish minister, looking down from the gallery, opponents charged that a loan to a belligerent in even an undeclared war might tend to involve the United States in the European conflict.

Similar discussion is expected to be provoked in the house by Republican attempts to amend the measure to prevent loans to belligerents.

There was a brief burst of applause from the galleries when Senator Russell (D-Ga.) urged that aid for the needy in the United States take precedence over help for Finland.

On the other hand, Senator Barkley (D-Ky.) contended that besides aiding Finland, the funds to be provided would help the United States develop its trade with Latin American nations.

With the Finnish question out of the way, the senate gave every indication of delaying further discussion of foreign affairs.

Embargo Action Unlikely

Chairman Pittman (D-Nev.) said it was unlikely that any action would be taken this week by the foreign relations committee on proposals to embargo exports to Japan.

A subcommittee will consider a resolution by Senator Gillette (D-Iowa) to invoke the neutrality act in the Sino-Japanese undeclared war, but it already has been informed by Secretary Hull that the state department does not favor the legislation.

# U. E. HOOTMAN RENAMED COUNTY BEE INSPECTOR

U. E. Hootman of Prospect pike was re-appointed Marion county bee inspector yesterday by the board of county commissioners.

Mr. Hootman has served as inspector since the post was created about two years ago.

He is paid \$250 annually by the county for his work, which is confined almost entirely to the summer season.

Recommendation for the appointment was made by members of the Marion County Beekeepers association at a recent meeting.

# NAVY CONTRACTS AWARDED

# "Ground Flying" Program Features Aviation Club's Annual Pig Roast

New Jersey Flier Forced Down Here Is One of Speakers; Members and Guests from Six Towns Attend.

Seventy-five members and guests of the Marion Aviation Boosters club gathered last night for the club's second annual pig roast. "Ground Flying," which the members call their shop talk on aviation, featured the meeting in the absence of the speaker, who was delayed by the snowstorm. The meeting took place at the Triangle Grill on West Center street.

Frank Estill of Cincinnati, regional inspector for the civil aeronautics authority, was to have addressed the group. He originally planned to fly here, but was grounded by the storm and started out by auto, but was unable to go beyond Springfield.

Following the dinner, committees of the Boosters club and the Junior Chamber of Commerce met to make further plans for an air show which is being considered for mid-June.

Dee Woods, club president, presided over the dinner meeting and Dale Hughes was toastmaster.

One of the most interesting talks was that given by Charles Grider, North Patterson, N. J., flying instructor, who made a forced landing near the Marion airport Monday afternoon and has since been held down by the weather.

Mr. Grider was on his way from North Patterson to Kokomo, Ind., with a new Taylorcraft ship when he decided to stop off here. He was preparing to land when steel shavings clogged the carburetor and he had to set the ship down before he reached the port. The plane plopped into a muddy field.

# FATAL MISHAP AT COLUMBUS

Miss Gladys Smith, Former Marionite, Is Victim, Brothers Hurt.

Enroute to Marion for the funeral of their father, a former Marion woman was fatally injured and her two brothers suffered rib and chest injuries in a head-on automobile collision early this morning in Columbus.

The dead woman was Miss Gladys Smith, 49, of Washington, D. C., formerly of 587 Miami street.

The injured men are Harry Smith, 34, of Washington D. C., and Hayes L. Smith, 35, of Silver Spring, Md., both natives of Cardington. Their nephew Jack Seckel, son of Lowell B. Seckel of 340 Windsor street, escaped unhurt.

The four left Washington at 11 a. m. yesterday to drive to Marion for the funeral of their father, John W. Smith, 77, whose death occurred Monday night in Washington. The body was being sent by train, accompanied by another son, Frank, at whose home he died.

Miss Smith was riding in the front seat with her brother Hayes, driver of the car.

Harry Smith was released from St. Francis hospital in Columbus at 8:30 this morning and came with his nephew by bus to Marion for the funeral of his brother, Elmer E. Smith, 387 Miami street. He said the accident occurred about 3 a. m. in the 1930 block on East Main street in Columbus.

Cars Meet Head-On

A car approaching from the west was veering to the north side of the street and to avoid a collision the driver of the Smith car turned to the south side of the street, the brother Harry said. As the Smith car started to angle across the street the driver of the other car apparently saw that he was in the wrong lane of traffic and started to turn south also.

The cars met head-on nearly in the middle of the street, according to Mr. Smith.

The impact threw Harry, sitting back of his sister, across the back of seat and over his sister, his head breaking the windshield. Several ribs on his left side were fractured by the impact with the back of the seat. He was momentarily stunned.

The driver of the car was thrown against the steering wheel, suffering possible chest injury.

Miss Smith was shoved forward between the seat and the dash board and her skull was fractured when her head struck the instrument board. Her left ankle was broken in three places, a deep gash was cut in her chin and she suffered numerous facial cuts.

Two Hours After Crash

She was unconscious when her brother Harry extricated her from the car and laid her on the back seat. She regained consciousness, however, before an ambulance arrived. Her death occurred at 5 a. m.

The nephew, unhurt, started out to find a telephone to call an ambulance and walked about four blocks before he could arouse any one and place the call.

The brothers' sister, nephew and the driver of the other car, Clarence Hannum, 48, of Reynoldsburg, were taken to St. Francis hospital in the ambulance.

Officials were notified of the accident and the Franklin county sheriff, a deputy sheriff and two state patrolmen went to the hospital.

The Associated Press reported at noon that Mr. Hannum, who said that snow blinded him, was detained for questioning. His face was cut.

Word of the accident and Miss Smith's death was received here at 5:15 a. m. shortly before two brothers Fred of 395 Oak street and Elmer of Miami street, left for Mansfield to meet the Pennsylvania train on which their brother Frank was bringing the father's body home.

Body To Be Brought Here

They went on to Mansfield and notified the brother when the train came in at 8:30 an hour late, and then went on to Columbus to arrange to bring their sister's body to Marion.

The Schaffner-Denver Co. car met the train at Mansfield and (Turn to FATAL CRASH, Page 7)

# DRIFTING SNOW BLANKETS OHIO

## Three-Inch Fall Here Equals Winter's Heaviest; Drifts Keep Crews Busy.

Ohio's heaviest snowfall of the winter, reaching 10 inches in southern counties and three inches in Marion and vicinity, blanketed most of the state today and, swept by strong winds, kept highway crews busy battling against drifts.

Hundreds of rural schools were closed in Ohio, The Associated Press reported, but a checkup here indicated all Marion county schools were still in session.

Three thousand eastern Ohio miners were kept from work. Drifts reached 20 feet in Belmont county.

Marion's three-inch fall last night was being increased considerably today as the snow continued to come. However, the official government forecast is for generally fair tonight, Thursday increasing cloudiness followed by snow. The temperature yesterday ranged from 24 to 18 degrees. A year ago the range was from 32 to 37.

The three-inch fall last night was equal to the record for the winter, which came last month. So far this month about eight inches of snow have fallen in Marion.

Crews Battle Drifts

The state highway department reported all its roads in the county are in good condition, but that there is a constant struggle against drifts. The department has had five plows and 10 men on the roads since 3 a. m. Clyde Porterfield, maintenance superintendent.

# MOTORIST GETS FINE AND 10 DAYS IN JAIL

Appeal Planned on Claim He  
Was Not "Operating" Car.

Raymond R. Kurtz, 47, of Adams was fined \$700 and costs and sentenced to 10 days in the county jail by Municipal Judge Haren yesterday afternoon following his conviction on a drunken driving charge last month. His driving rights were revoked for one year.

Judge Haren said that the fact it was the second time Mr. Kurtz had been convicted on a drunken driving charge was taken into consideration when sentence was pronounced.

Execution of the sentence passed yesterday was held up by Judge Haren when Charles M. Patton, attorney for Mr. Kurtz, filed a notice of intention to appeal the case to common pleas court as a first case to determine whether steering an automobile constitutes operation.

The state law governing drunken driving cases defines the violation as "operating a motor vehicle of any kind on any public highway or street while in a state of intoxication or under the influence of alcohol narcotics or opiate."

Mr. Kurtz posted \$300 bond pending the outcome of the appeal.

Mr. Kurtz was arrested by state highway patrolmen Dec. 30 while his stalled automobile was being pushed by another car west of Marion. During the hearing held last month, which resulted in Kurtz' conviction, the defense contended that Mr. Kurtz was not operating the car because it was unable to travel under its own power. A motion for a new trial, filed last week, was overruled by Judge Haren.

# H. H. BERINGER AGAIN FARM BUREAU HEAD

Re-elected at Annual Meeting;  
3 Directors Chosen.

H. H. Beringer of Waldo township was re-elected president of the Marion County Farm Bureau Association yesterday afternoon at the annual membership meeting at Hotel Harding.

Officers chosen by the association were F. C. Loyer of Marion township vice president, H. H. Beringer of Waldo township, secretary-treasurer, and H. H. Beringer of Waldo township, secretary.

Members meeting before the directors session heard the report of Roland Lee of Waldo township which showed 1939 was a profitable year for the association. The outlook for the coming year is also encouraging, he reported.

One of the speakers of the annual meeting was H. H. Beringer of Waldo township, who was re-elected president of the Marion County Farm Bureau Association yesterday afternoon at the annual membership meeting at Hotel Harding.

# The Stars Say—

For Wednesday, Feb. 14  
**RATHER** auspicious conditions are noted in this day's planetary setup. There are signs of steady progress, although there is need of precaution and vigilance to side-step tricks or machinations, particularly those emanating from group sources. There is augury for some important financial success. It is advisable to postpone major or radical changes.  
 Those whose birthday it is may anticipate a prosperous and successful year if they will exercise precaution and wariness when confronted by duplicity and scheming. There is likely to be an outstanding financial event.  
 A child born on this day may

be enterprising, steady and ambitious, making a success of its affairs.  
**DOGS OF THE NAVY**  
 The British Navy's real sea dogs, animal pets of the men, often can't endure the quiet life ashore when they leave the sea, the American Kennel club reports. It told of one dog, Biddy, which was disconsolate until it heard a pneumatic drill which it mistook for gunfire.  
**MIRRORS FACE SHOPLIFTERS**  
 By United Press  
 TOLEDO, O. — Shoplifters will find it difficult to operate successfully in Toledo, merchants have installed mirrors at strategic points in stores—near those counters for which shoplifters have exhibited a definite preference.

## Daily Pattern for Home Use

BY ANNE ADAMS

PATTERN 4326

**YOKED DRESS IS SLIMMING, GAY**  
 A golden rule of fashion is: "Dress to match your spirit as well as your size!" Anne Adams nicely combines both features in her young-at-heart dress for mature women. Pattern 4326. Panels at the front and back skirt give slim lines, while all-around darts above the waistline, and fullness below the yokes concentrate softness just where you need it without spoiling your bodice silhouette. See how the back yoke is gracefully curved. The front yoke has merry scallops and so have the slim sleeve bands. For colorful dash, let both the sleeve bands and yokes be in vivid contrast. Or, if you prefer, make the sleeves in comfortable, loose flares. A "must-have" Spring frock!  
 Pattern 4326 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 1/2 yards 39 inch fabric.  
 Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainly size, name, address and style number.  
 Capturing Spring enchantment with a wardrobe selected from our Anne Adams Spring Pattern Book. It interprets the gay and lovely new styles in colorful clothes for teens and twenties... slim-line dresses for the business girl... smart frocks for the woman-past-forty... an exquisite costume for the bride and appealing new fashions in prints and cottons... all available in easy-to-sew patterns. Book fifteen cents. Pattern fifteen cents. Book and pattern together, twenty-five cents.

# ICE GORGES ALLEGHENY RIVER IN PENNSYLVANIA

Pennsylvania state police planned to dynamite the ice in the Allegheny river at Parker, Pa., to enlarge the river channel and relieve the danger of a sudden breakup. One veteran observer described this 30-foot jam as the worst in 68 years.

## 10 PER CENT PAY BONUS GIVEN BY WESTINGHOUSE

**By The Associated Press**  
PITTSBURGH, Pa., Feb. 14.—Westinghouse Electric & Manufacturing Co. announced today wages and salaries of all employees would be adjusted upward 10 per cent from base rates this month under its plan of establishing the amount of compensation each month in proportion to the average earnings of the company in the preceding three months.

Net earnings for the last three months were \$1,379,450, of which \$1,822,117 was earned in November, \$1,598,593 in December and \$958,738 in January. Last month the adjusted compensation to all employees was 12 per cent above base rates. Approximately 48,500 employees will receive this month's adjusted compensation.

## SNOW

(Continued from Page One)

visors said. There are bad spots, especially in villages, and caution is advised for motorists.

The county engineer's office has had six plows out since early morning, but the county roads are badly drifted. Lack of heavy and fast traffic permits the snow to pile up. No roads were reported closed, although in many places school buses had difficulty getting through.

Drifts are deepest on the east-west roads due to the prevailing winds.

In the city the situation also is occupying the attention of Safety-Service Director Clyde Caldwell and his staff. Drifts are worst in the city on the north side of east-west streets.

## CITY WORKERS BUSY

Since midnight city workers have been busy battling the snow. Others went on duty at 4 a. m. and another crew at 8 a. m. Altogether seven regular employees and 30 work-relief men are on snow duty. The city is to clear away as many drifts as possible, first in the business district, then to clear cross walks and otherwise ease conditions for motorists and pedestrians.

Despite the difficult conditions, only one bus was reported delayed here. It was 45 minutes behind time, coming in from the east. Trains were all reported on schedule.

Marion county's rivers apparently are behaving properly. For a while there was an ice jam on the Whetstone, but it has cleared at Wadonah. The Scioto showed signs of rising a while back but the colder weather has checked it, observers said.

In Wyandot county the Sandusky river and the Tymochtee creek are both high, but state highway officials expected no danger. The Sandusky runs along the east edge of Upper Sandusky and the Tymochtee is four miles west.

## SIX-INCH FALL AT BUCYRUS

Two inches of snow fell around Upper Sandusky, but all roads were open and all schools operating.

At Bucyrus there were six inches of snow and street and road crews worked all night to keep traffic conditions as good as possible. No schools were reported closed.

## Outside of Ohio, the snow storm hit western Pennsylvania and West Virginia, giving Pittsburghers their heaviest snowfall in 38 years. Motor and street car traffic was crippled and all airplanes grounded. Fifteen inches of snow had fallen in downtown Pittsburgh by 10 a. m. and it was still coming down. In the northern Panhandle region of West Virginia 22 inches was reported.

In Ohio the southern and southeastern areas appeared to have the worst conditions. The highway department reported roads in the vicinity of Chillicothe were impassable. Circleville reported a 10-inch fall, the heaviest in 15 years. Ten-inch snows also were reported at Marietta, Athens, Lancaster and Caldwell.

## Plane Service Halted

Motorists found driving hazardous in nearly every section. Airplane service was suspended at Cincinnati and Columbus. City buses were running behind their schedule.

In Cincinnati, downtown garages and all-night parking lots were crowded as hundreds of drivers abandoned their vehicles rather than risk travel over icy hills.

Cincinnati and Ironton had 7 inches of snow, Columbus 5, Dayton 4, Washington, C. H., Akron 3, and Cleveland 2.

Toledo reported no snow and the fall was only light in Youngstown, although still falling.

## Water Closes Roads

The highway department said that state route 606 north of Zanesville and route 75 at Stony Bridge in Coshocton county were closed by high water and that water hampered traffic in Guernsey county.

Temperatures ranged from 18 to 28 degrees.

Mrs. Lillian Harold, 60, Birmingham, Ala., was injured critically last night and four other persons were hurt when two automobiles collided head-on at New Lexington, O.

Weather Observer Frank McLaughlin at Cincinnati said the snow, which fell for 24 hours there, moved in from the southwest, covering parts of Tennessee and Kentucky, as well as Ohio.

In the southern and eastern counties conditions were the worst in 18 years.

## INDICTED

County Court Judge William C. Smith (Gov.) was indicted in New York on charges of bribery and corruption growing out of a hearing into the case of a former state senator who was accused of accepting bribes to secure a contract for the construction of a bridge.

The indictment was returned by a grand jury in New York City.

# DAVEY MEETS PARTY LEADERS

**Former Governor Takes Spotlight as Political Plans Take Form.**

**By The Associated Press**  
COLUMBUS, O., Feb. 14.—Ohio's political spotlight focused today on Martin L. Davey as the former governor scheduled conferences with Democratic leaders in the capital.

Davey, frequently mentioned as a possible candidate for governor this year, expected to interview J. F. Bittenger, former speaker of the Ohio house of representatives, and William G. Pickrel, former lieutenant governor.

For many months, Davey has remained in the comparative seclusion of his home in Kent avoiding political pronouncements.

Several days ago, National Committeeman Charles Sawyer, who defeated Davey for the gubernatorial nomination in 1938, said he would announce soon whether he would seek the governorship again.

May Let Davey Run

Some political observers believed that Sawyer, in his efforts to promote party harmony, would not seek a third term.

Meanwhile, at Delaware, Byron B. Ashbrook of Johnstown opened his campaign for the seventeenth district congressional seat left vacant by the death of his uncle, William A. Ashbrook, Democrat.

Ashbrook, a Democrat, termed his Republican opponent, J. Harry McGregor of West Lafayette, the "legislative rubber stamp and errand boy of Gov. Bricker, who, in fact, was not justified in calling this unnecessary and unwanted special election" Feb. 27.

In Columbus, Reeley of Berlin Heights, Erie county, declared in applying for nominating petitions that he would seek Democratic nomination for United States senator if Sen. Vic Donahue decided not to seek reelection. Otherwise, he said, he would enter the thirteenth district congressional race.

## Hayes Urged To Run

Fremont friends of Webb C. Hayes II, grandson of former President Rutherford B. Hayes, were understood to be urging him to seek the Republican nomination for thirteenth district congressman. Announced Republican candidates already include Moses Lane, Bowling Green attorney; State Rep. Donald Canfield of Perrysburg, and State Rep. A. D. Baumhart Jr. of Vermilion.

Others requesting nominating petitions yesterday were former State Sen. N. A. Wilcox of Geneva, Democrat, for lieutenant governor; J. C. Dorrington of Cleveland, Democrat, for secretary of state; John William Simpson, Steubenville social science teacher, for congressman-at-large; and Clarence Johnson of Newark for state senator in fifteenth-sixteenth district. Simpson and Johnson did not list their political party.

## PENDERGAST FORCES BEATEN IN ELECTION

**By The Associated Press**  
KANSAS CITY, Feb. 14.—The Pendergast Democratic machine was beaten two-to-one in the only measure it backed in a charter amendment, but many competent observers said today it was only playing possum.

Reform votes carried a proposal to cut terms of elected city officials—including the Pendergast-controlled council—from four years to two. This ends present terms in April.

There will be an election in April to name new officials, but one prominent political writer said he doesn't believe the reformists can get out any more than the 75,044 votes with which they defeated the firemen's civic service amendment which the machine backed.

## QUADS NEAR 4-POUNDS MONTH AFTER BIRTH

**Family Given New Home by Community.**

**By The Associated Press**  
JASPER, Ala., Feb. 14.—Alabama's Short quadruplets each approached four-pound mark today, a month after their birth.

The babies, Faith, Hope, Charity and brother Franklin, were born to Mrs. Clyde Short, a coal miner's wife, near Nauvoo, Ala.

Each weighed approximately three pounds at birth.

Meanwhile, the parents moved into a seven-room cottage provided for the family by the Nauvoo community.

Walker county and Jasper officials designated March 8-9 for a countywide celebration of the quadruplets' birth. They will be christened.

The program will include a parade of approximately 2,000 persons brought into the world by Dr. H. J. Sankey, the small-town physician who delivered the quadruplets.

## PAN-AMERICAN NOTE ANSWERED BY GERMANY

**By The Associated Press**  
BERLIN, Feb. 14.—Germany's answer to the Pan-American note regarding the evacuation of German civilians from Poland was received today.

The note, dated Feb. 12, requested Germany to take steps to facilitate the evacuation of German civilians from Poland.

Germany's answer, dated Feb. 14, stated that the German government was studying the matter and would reply to the note as soon as possible.

## OHIO PRISON WARDEN TAKES NEW POSITION

**By The Associated Press**  
WASHINGTON, Feb. 14.—William H. Hiatt, acting warden of the Chillicothe (O.) reformatory since July 1, 1938, has been appointed warden of the United States Northeastern penitentiary at Lewisburg, Pa.

He succeeds Henry G. Bill, who resigned to become superintendent of the new Pennsylvania state reformatory for boys at Whitehall, Pa.

Hiatt entered the federal prison service in 1928 and served as record clerk at the Atlanta penitentiary and parole officer at Chillicothe. He was made assistant superintendent at Chillicothe in 1930.

During the World War Hiatt served as an officer with the 20th Engineers. His successor at Chillicothe has not been named.

## FATAL CRASH

(Continued from Page One)

brought the body of Mr. Smith to Marion, accompanied by the son Frank.

Shortly before noon today the family here was notified that further X-ray examinations were being made of Mary's injuries and that it was possible he would be released from the hospital this afternoon and would come to Marion with his brothers. The body of Miss Smith was brought to the Schaffner-Denzer funeral home on East Center street this afternoon.

Miss Smith was born at Cardington Aug. 6, 1890, daughter of John Wesley Smith and Ida May Shidler Smith. She was a child when the family came to Marion, following her mother's death in 1910 she remained at home to look after her father and brothers. She lived at the family home at 587 Miami street until 11 years ago when she went to Washington to make a home for her brother Frank following the death of his wife. Her father spent his winters with his family in Washington and the summers with his family here. He was a retired Marion Steam Shovel Co. employee.

## Double Funeral Planned

Until she left Marion Miss Smith was one of Wesley Methodist church's most active members and also was active in the Marion County W. C. T. U.

The funeral of her father, set for Thursday, was postponed today by the family. Arrangements for a double funeral were to be made this evening.

Miss Smith is survived by the two brothers in Marion and three in Washington, Harry, Arthur and Frank, and the sister, brother, Hines of Silver Springs, Md.

## TWEEDSMUIR RITES AT OTTAWA TODAY

**By The Associated Press**  
OTTAWA, Feb. 14.—Canada paused today to pay final tribute to its governor-general, the late Lord Tweedsmuir, with state funeral services at St. Andrew's Presbyterian church.

The body of the dominion's 16th governor general, who died in Montreal Sunday six days after being injured in a fall, will be returned to Montreal today for cremation. The ashes are expected to be taken to Peebles, Shire, Scotland, where he was born Aug. 26, 1875, as plain John Buchanan.

Dignitaries of the church, state and the armed forces gathered at the church, but many of the public already had paid their respects. More than 14,000 persons filed past the bier where the body lay in state in the senate chamber, by the flickering light of four tall wax tapers.

## U.S. LEARNS HOW FARMERS SPEND THEIR AAA FUNDS

**Survey Made by Government in Arkansas.**

**By The Associated Press**  
WASHINGTON, Feb. 14.—What do farmers do with the more than a billion dollars distributed annually for complying with federal crop control programs?

The agriculture department, after hearing this question debated by friends and critics of the program, conducted a survey in a "typical" rural county—Woodruff county, Arkansas.

It showed that 45 per cent of the farmers paid on old debts and 14 per cent paid taxes with the money. Nine per cent used part of the money to buy new machinery, 10 per cent painted houses, and 33 per cent crowded their homes.

Among other purchases were shrubbery, tractors, automobiles, farm trucks and other machinery, cows, baby chicks, land, radios, furniture, refrigerators and washing machines.

which the planes preferred to use was the hunting of the enemy's armor. The planes were able to destroy 200 tanks in one day, hundreds of planes were out of front position.

The information ministry spokesman said Finland's need was pressing for help in all forms, men, materials and especially airplanes.

The Russian or artillery on the Karelian front has been on a 24-hour basis for some time, firing at dawn. The offensive also is marked by innovations in Russian tactics. The use of armored sledges propelled into battle by tanks and armor ships pushed by attackers.

One monster tank 70 tons, according to the Finnish high command, was destroyed against the Finnish line at Suomus. The Finns said it was disabled and three tanks were disabled and three returned to the Russian line.

## 700 JEWS ROUTED IN MASS REMOVAL

**Nazi Troopers Give Only Brief Notice of Ouster.**

**By The Associated Press**  
BERLIN, Feb. 14.—Upwards of 700 Jews, routed from their homes in Stettin on six-and-one-half hours notice for mass removal, were on trains today, presumably headed for Poland, although their exact destination was not disclosed.

The sudden removal order included virtually every Jew in the Baltic town, only the sick and feeble aged being exempted.

At 7:30 p. m. Monday, elite guards and storm troopers began visiting the homes of Jews, telling them to be ready to leave by 2 a. m.

SA and SS men took inventories of property in the homes and advised the Jews to prepare final hot meals because they probably would not get warm food for a considerable time. They were permitted to pack only a few necessities.

The only ones permitted to remain were a few who displayed documents proving they were about to emigrate.

This was the first such mass removal from the so-called "alt reich," Germany as it existed before recent annexations of other territories. Similar removals previously have been reported from Vienna and Prague, however.

## GUEST PASTOR

(Continued from Page One)

In the midst of a day like that, Isaiah said that no matter what might happen a remnant of them would return to the God of their fathers. Even when it seemed certain beyond a shadow of a doubt that Jerusalem would fall and the end of a race of people would be reached, Isaiah continued to prophesy that they would not be eliminated and that some of them would return to God and that in the long run God would rule in the lives of the people.

## Cites Present-Day Doubts

Dr. Hastings then spoke of problems arousing doubt of the validity of God's presence in the world. He pointed out that some feel because this planet is cooling off and will eventually be uninhabitable that God is not present in the Person of His Spirit.

"The Bible does not say that this planet will last forever," he said. He discussed the fact that many people feel hopeless because of the condition of the world today, with wars and rumors of wars existing on every side.

"Parties of men are temporary," he declared. "Hitler will be gone when many of the younger people in this audience are just beginning to live life."

Speaking of human suffering as the most vital and valuable of all human experiences, he said: "Suffering is the greatest cleansing experience and the most sobering teacher humanity knows."

Finally, in contending that no matter what might happen, there will always be those who will return to God and so form the nucleus for a family of God in the world, and the restoration of Christ was stressed as indicating the presence and will of God.

## Musical Numbers

After the services closed small groups of leaders and workers remained to discuss the meetings. Mrs. J. Eugene Auld was the vocal soloist for the service. Rev. J. Q. Sprague of Salem Evangelical Church at Beech, east of Marion, led in prayer and Dr. Harry L. Bell of Central Christian church led the scripture lesson.

The committee said it believed that the projected battleships and cruisers would be the same as those under construction abroad. It expressed belief that they should be made superior to anything afloat or in progress.

House members contended that there was "not a Chinaman's place" in increasing the bill in the Senate beyond the figure recommended by the appropriations committee.

## Communism Faces Test in Full View of Whole World

**By DEWITT MACKENZIE**

The Communism of which we have been hearing so much lately is likely to get its slamina tested on the battlefield in full view of the world if the European war continues to develop the way it is going now.

That is, if Russia is forced into the general conflict as the result of Anglo-French rescue of Finland from the Red invasion, the numerous Soviet mysteries which have been puzzling other countries for 20 odd years will be hung on the line for all to see.

Thus will be settled the hotly debated questions of the stability of the communistic state and the loyalty of the Russian masses to this ideal.

Anglo-French preparations to assist Finland, and the allied massing of troops in the Near East, make it amply clear that the allies are ready to take on the Muscovites as well as Germany if necessary—and maybe if it isn't necessary.

## Aim at Other 'isms'

And it is perfectly certain that while they are engaged in carrying out their avowed aim of "crushing Hitlerism," they won't be averse to taking a whack at this other ism which has, on and off, been the nightmare of much of Europe for years.

It is highly unlikely that such a contingency entered into the calculations of Moscow when the Red army was sent into Finland. Observers generally believe the Communists expected the Finns to meet the Soviet demands without resistance.

In that case there would have been no Russo-Finnish war and no danger of the Soviet being involved in the European conflict proper, which assuredly Mr. Stalin had every intention of avoiding.

## Throughout the 15 years of Stalin's leadership he has avoided war until now. Under his instructions the Soviet signed 2 non-aggression pacts up to 1933, one of the last being with Finland. His announced policy was for peace and industrial development of his country and other nations began to feel more secure. That was the year the United States recognized the Soviet government.

## Reds Stood to Benefit

When war broke out between Germany and the allies, it was accepted generally that Russia would remain neutral, gathering without labor shaves reaped by other countries, and driving the Red wave of Communism across Europe. But the Finns fought.

The Anglo-French allies immediately placed the Bolsheviks in the same category of aggression as they had laid out to Herr Hitler. It is the announced purpose of the allies to crush Hitlerism and restore the countries he has conquered. It further is their aim to restore Finland, but whether they regard Communism as something to be "crushed" remains to be seen.

The Soviet assault on Poland, the establishment of virtual protectorates over the Baltic states, and the invasion of Finland have revived all the old fears of the other countries for Bolshevism. France, which even had a mutual assistance pact with Russia, has tossed that overboard and recently outlawed the great Communist party of France. The large Communist membership in parliament was thrown out.

## ROOSEVELT SELECTS M'ENTEE TO HEAD CCC

**By The Associated Press**  
WASHINGTON, Feb. 14.—President's selection of James J. McEntee, acting director, to head the civilian conservation corps was generally interpreted today as indicating that the CCC would remain non-militaristic.

Mr. Roosevelt was expected to send McEntee's nomination to the senate at noon. He will succeed the late Robert Fechner.

## DAIRY HEARING SET

**By The Associated Press**  
COLUMBUS, O., Feb. 14.—Common pleas court set for Feb. 21 a hearing on the application of the Milk Producers Association of Summit County for an injunction to restrain the state department of agriculture from enforcing a regulation requiring a "light partition" between cow stalls and horse stalls.

## SECRETARY OF FARM LOAN ASS'N. RESIGNS

**L. L. Miller To Leave Production Credit Organization.**

L. L. Miller of 425 Elmwood drive, for nearly five years secretary-treasurer of the Marion Production Credit association, today announced his resignation. It will become effective tomorrow.

No plans have been made for selecting his successor, Mr. Miller said. His own plans for the future are undecided at present, but he hopes to remain in Marion. The office staff will carry on until a successor is named.

The credit association, connected with the federal government's system of farm financing, was started here six years ago and serves Marion, Morrow, Wyandot, Crawford and Hardin counties. The first secretary-treasurer was F. O. VanSickle of Cardington.

Mr. Miller became secretary-treasurer in 1935 and during his term of office the association has had a steady growth, now having nearly 1,000 members.

Mr. Miller came to Marion from Dayton. He was formerly associated with the Farmers' National bank at Arcanum, O., and the Engineers' National bank in Cleveland.

He is married and has two children.

## BLUM SEES REASON FOR WELLES TRIP

**By The Associated Press**

PARIS, Feb. 14.—Summer Welles' mission to Europe is intended to help President Roosevelt decide whether to seek a third term as head of the United States government, former Premier Leon Blum wrote today in his newspaper, Le Populaire.

Blum, head of the French Socialist party, wrote that he is convinced Mr. Roosevelt does not desire a third term, but that American popular opinion may urge it upon him as a "duty" because of war in Europe.

Before making a decision, Mr. Roosevelt wants to know the probable effectiveness of action which the United States "might one day be induced to undertake for peace," Blum said.

Welles, United States under-secretary of state, is scheduled to leave Saturday for visits to Paris, London, Berlin and Rome.

Blum, in his discussion of the possibilities of Welles' trip, said "there is not the slightest chance today of making the tyrants of Germany and Russia" accept a peace founded on "justice and international morality with guarantees against aggression," but added that a "real peace" never could be "considered premature."

## M'NUTT WANTS SAILORS UNDER JOB INSURANCE

**By The Associated Press**  
WASHINGTON, Feb. 14.—President Roosevelt today considered a recommendation from Paul V. McNutt, federal security administrator, that some form of unemployment compensation be provided for maritime workers.

McNutt, disclosing his suggestion after a White House call, said the number of persons who would be affected can not be determined until it is decided whether Great Lakes sailors should be covered along with salt water seamen.

## INDICTED

County Court Judge William C. Smith (Gov.) was indicted in New York on charges of bribery and corruption growing out of a hearing into the case of a former state senator who was accused of accepting bribes to secure a contract for the construction of a bridge.

The indictment was returned by a grand jury in New York City.

## THE SHOW GOES ON

**By The Associated Press**  
WASHINGTON, Feb. 14.—What do farmers do with the more than a billion dollars distributed annually for complying with federal crop control programs?

The agriculture department, after hearing this question debated by friends and critics of the program, conducted a survey in a "typical" rural county—Woodruff county, Arkansas.

It showed that 45 per cent of the farmers paid on old debts and 14 per cent paid taxes with the money. Nine per cent used part of the money to buy new machinery, 10 per cent painted houses, and 33 per cent crowded their homes.

Among other purchases were shrubbery, tractors, automobiles, farm trucks and other machinery, cows, baby chicks, land, radios, furniture, refrigerators and washing machines.

# Social Affairs

THE educational committee of which Mrs. B. L. Wallace is chairman was in charge of a program at a social "get-together" meeting of the Altirus club last evening at the home of Miss Christine Black on East Center street. Reminding the members of the fifteenth anniversary of the organization of the club was a large birthday cake bearing the numerals "1925-1940" and decorated with miniature candelabra holding candles.

Mrs. Wallace, Mrs. Clara Walker, Miss Jessie Lindsey and Miss Edith Eubling, charter members, gave reminiscences of the organization and told of the early activities of the club during an informal program hour. Miss Alice Dombach, vocational information chairman, reported on a meeting held recently in the interest of a city-wide vocational guidance program for school pupils, and announcement was made of the appointment of Miss Ruth Kramer as Fourth district publicity chairman. An invitation was received to attend the fifteenth anniversary party to be held by the Altirus club April 4. A contribution was made to the Finnish relief fund.

The club will hold its monthly dinner meeting Feb. 27 at Hotel Harding when Mrs. Jessie Evans, manager of the Buckeye State Business college in Columbus, will be a guest speaker.

**HEARTS** and red tapers carried out a St. Valentine's day theme in the appointments for a lunch at a social meeting of Iota chapter, Pi Omicron sorority last evening at Mrs. Little's tea room. **OLINA'S EYES** were shining with joy as she came up to me.

"I see you've chosen your harp," I said, smiling at her. "Oh! yes, and it's wonderful. Please come and see it."

"I'd love to," I told her, and walked with her back to the library, where the truckmen were busily getting ready to repack two of the instruments. The one of Olina's choice stood in the corner.

"There!" Olina's outburst was eloquent. "Isn't it lovely?" I hesitated for the fraction of a second, for to me it was by far the least attractive of the three instruments, and Olina leaped into explanation.

"I don't mean its looks, except for its lines, but just listen to its tone!"

She fairly ran across the room and swept the strings, and I threw up my hand in tribute. "It is wonderful!" I said.

"Shall I try the others for you before they repack them?" Olina's judgment trusted.

"No, indeed," I said. "I'm sure you've chosen the best of the three, and to hear a lesser one would spoil things. I'll trust your judgment."

"Thank you," she said, and her tones reflected the pleasure in her face. "I told the men to repack the others. I thought—"

Her voice trailed off into du-

# Crestline Cagers Out to Clinch Loop Title on Irish Floor Tonight

## St. Mary Bids for Second in L. S. N.

VENGEANCE for an earlier loss and the opportunity to see up second place in the League of Six Nations will be at stake for Marion St. Mary basketballers when they entertain Crestline tonight at the Marion Steam Shovel gymnasium.

The invading quintet, co-holder of the title, is unbeaten in league play. Crestline needs only to win one of two remaining L. S. N. contests to walk off with the 1934 banner.

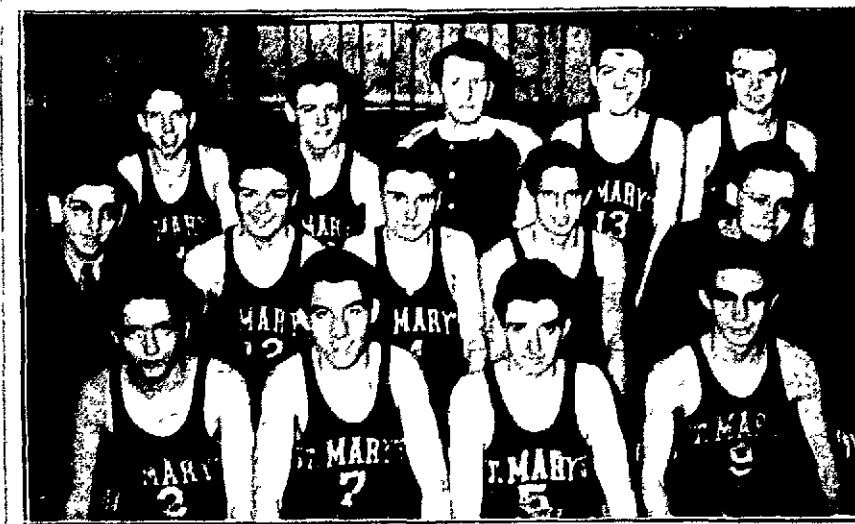

St. Mary dropped a close decision to Crestline in an earlier meeting on the Crawford county court, but the advantage of being on their home lot will favor the Irish tonight. The main game is scheduled to start shortly after 8 o'clock, with a preliminary opening the program at 7:15.

Vernon Heights city junior high school champion, will play the St. Mary junior high quintet in the opener. Vernon has closed its regular league season and this will be the final scheduled appearance of the combine which annexed the fifth consecutive title for the East Side school.

St. Mary regulars today were awaiting word from the league office. Coach Bernard Berens sent his varsity through stiff practices yesterday at the Stenn Shovel gym and the previous afternoon had them working out on the Thomas

### Bridges Sees Big Year Ahead for Revamped Tigers

By The Associated Press  
LAKELAND, Fla., Feb. 14.—The shift of Hank Greenberg from first base to the outfield and the purchase of Bruce Campbell has "solved" the outfield problem of the Detroit Tigers in the opinion of pitcher Tommy Bridges.

He expects those two moves and other changes to enable Detroit to improve its position in the American league the coming season, but "I don't see how anybody is going to stop the Yankees from winning the flag again this year."

"There's no question in my mind whatever," declared Bridges as he paused during a sound on the golf course, "that Hank will make good in the outfield, and buy will be great to have both Rudy York and him in the lineup every day with their big bats."

Bridges envisioned an infield composed of York on first, Chas. Gehringer on second, Dick Bartell, obtained from the Chicago Cubs, at short and Pinkey Higgins at third, and an outfield made up of Greenberg, Barney McCosky and Campbell on Pete Fox

### Illinois Star May Make New Record in Big Ten

By The Associated Press  
CHICAGO, Feb. 14.—Bill Hapac, Illinois basketball hot shot, may "show up" another Big Ten individual scoring record "if he sticks to his knitting."

The Illinois captain established a new single game mark with 34 points against Minnesota Saturday. He came back with only nine against Northwestern Monday, but despite this and the fact he has missed a game and a half, he is averaging two points a game more than did Jewell Young of Purdue in setting the all time high of 184 points in 1937-38.

Hapac, at the halfway point in the conference race, has scored 85 points in five games—an average of 17 a contest. At this sizzling pace he would wind up with 187 points for the year.

Northwestern had the Illinois on the run most of the game Monday, but they couldn't stop Hapac, who banked in the winning basket in the last 50 seconds.

Hapac's week-end activities gave him a nine-point lead over Northwestern's sophomore, Dick Klein, who had 76 Klein went on a spree of his own against Michigan Saturday and collected 24 points.

### LEADERS WIN OUT IN CHURCH LOOP GAMES

Epworth Stays in Top Spot by Beating Wesley.

First division teams were victorious in last night's Sunday school league warfare at the Y. M. C. A.

Epworth Methodist cagers retaining their spot at the front of the circuit with a 31-27 victory over Wesley.

Epworth outpointed Wesley, 13-5, in the final stanza to create a deficit of 22-18, which they faced going into the fourth period.

Trinity Baptist remained in second place with a 51-31 victory over Oakland Evangelical. United Brethren stayed close on the heels of the leaders by warping Forest Lawn, 54-25. The fourth-place Prospect Street Methodist quintet defeated Elm Memorial, 27-25.

### WOOSTER ADDS 30TH STRAIGHT VICTORY

State Leaders Walk Over Kenyon Cagers 61-30.

By The Associated Press  
The Scots of Wooster college are setting a torrid basketball pace these days.

Coach Mose Hole's lads smashed Kenyon, 61 to 30, last night for their ninth consecutive Ohio conference victory. The decision boosted the Scots into the state-wide lead with a record of 12 and 2 and enabled them to tie Muskingum for the league lead with 9 and 0.

Idle Miami, with 11 victories in 13 contests, slipped into second place in the all-inclusive standings.

Gilbert (Pudge) Hole, son of the coach, tallied 16 points to pace Wooster to its 30th straight triumph, a string that has extended over three seasons.

Denison stopped Marietta, 50 to 33; Wittenberg shaded Bowling Green, 12 to 10; Ohio Northern turned back Ashland, 43 to 25; and Otterbein edged Capital, 40 to 39, in other conference tussles.

On the independent front, Ohio university beat Muskingum, 49 to 37, and Ohio Wesleyan tripped Oberlin, 66 to 50.

## Landis Compromises with Owners on Farm System

By The Associated Press  
BELLEAIR, Fla., Feb. 14.—Again demonstrating the perfect sense of timing that has made him worth every cent of his whopping salary, Commissioner Kenesaw Mountain Landis has reached a "compromise" with the embattled major league club owners and told them, in effect to jump into their plans for another nappy, prosperous season.

But yesterday, with the start of the training camps only a matter of days away, these owners who maintain "farm" systems were calling the commissioner's name behind his back. Today they were at least modified and looking to the future with some hope.

It all came about when Landis

at noon yesterday asked the group of officials who were here for the meeting of the rules committee to come up and see him.

When they got there they found Landis willing to talk turkey, and they talked it loud and long for nearly six hours. The owners pleaded that he tell them where they stood in the delicate matter of controlling minor league teams.

Landis, though, still determined that all ball players should be protected from a career of bondage, yielded a trifle from his furious "seven points" of January 15.

Now, it becomes necessary at this point to explain exactly what they agreed upon at this moment-

ous session, that will be a "ward" of O'Connor, "merely prevents extension of the period of three years in which minor league clubs or major league clubs could opt for a player." Under the old convention, he said, clubs got around this merely by controlling the club that held the player. He said the adoption of the amendment would remove "about 99 per cent of the commissioner's objections to present conditions."

The baseball men found yesterday that they couldn't agree. Landis past a certain point. They tried to talk him into letting clubs of a higher classification use players for their subsidiaries, but the only thing they got from him was a flat no.

representing nearly 40 schools from the Rockies to the eastern seaboard, will meet in the seventeenth renewal of the Illinois relay carnival Saturday in the University of Illinois armory.
